

Vermont Vt.
Sept. 11. 1865.

Dear Sir; -

"The Champlain Valley Agricultural Society" will hold its ninth Annual Fair at this City, on the 27th & 28th instant. I have been requested by the Officers of the Society, and by many of our principal citizens, to ask you to visit us at that time and address the people. Can you, will you come? Do not deny us, if you are not obliged to, for I can assure you that the people here in old Vermont, will give you a hearty and joyous welcome & will be willing to make liberal pecuniary compensation. - -

Yours,

Very truly -

Geo. W. Grandey,

Mayor of Vergennes.

Wm Lloyd Garrison - Boston. {

P.S. - Wendell Phillips will remember me - I introduced him to the people here, on his return from the burial of John Brown. -
